Feel free to ask any questions you had during the presentation...

A screenshot of a software window titled "Question and Answer". The window has a green header bar with a dropdown arrow on the left and a close button (X) on the right. Below the header, there is a checkbox labeled "Show Answered Questions" which is checked. The main area of the window contains a table with two columns: "Question" and "Asker". The table is currently empty. Below the table, there are two rows of light beige rectangular boxes, each with a small upward and downward arrow on its right side. At the bottom of the window, there are two buttons: "Send Privately" and "Send to All".
