# Watching the Webinar...

If you have a hard time seeing my window during the presentation (e.g. it appears too large) you can use the "Zoom" functionality on the bottom right hand corner of the screen to adjust how it fits your screen.

# Common Team Sync Problems

## ● Software

- Same plugins? Same versions?
  - Ex. Subclipse? Subversive?

## ● Projects

- Right branch? Same projects?
  - Ex. HEAD or 6\_1\_0 branch?

## ● Preferences

- Same code formatting rules? Same launch configurations?
  - Ex. { on newline or not?
  - Ex. Your check-in barfed CVS!

# Pulse... solves all those problems!

## ● Software

- Pulse is provisioning software
- Installs, Upgrades, Dependencies all handled

## ● Projects

- Team Sets & Working Sets can be associated with profile
- Repositories, Branches, etc. all handled

## ● Preferences

- Preferences can be associated with profile and shared with team

Profiles can be shared & all Profiles are versioned!

# Questions & Answers

Feel free to ask any questions you had during the presentation...

A screenshot of a software window titled "Question and Answer". The window has a green header bar with a dropdown arrow on the left and a close button on the right. Below the header, there is a checkbox labeled "Show Answered Questions" which is checked. The main area contains a table with two columns: "Question" and "Asker". The table is currently empty. Below the table, there are two rows of light-colored rectangular boxes, each with a small upward and downward arrow on its right side. At the bottom of the window, there are two buttons: "Send Privately" and "Send to All".

Question	Asker
